April 15, 2013

Dear Stoneybrook Families,

Announcing “Project Shark Play”!!!

In recent months, the Stoneybrook Parent School Council (SPSC) has been focusing on one of our most ambitious projects to date: **installation of new playground equipment for our students and the community.**

Our current play equipment is in need of replacement and for safety reasons, will most likely require removal before too long. Unfortunately school board funds are not available for such projects. Hence “**Project Shark Play**” has been born, which involves the lofty goal of raising more than \$60,000 by 2015 in order to fund the project.

While we have been working towards raising funds for more than a year now, the official launch of this exciting initiative will be at the up-coming **Stoneybrook Family Fun Night, on Wednesday June 3, from 5:50 – 7:30 p.m.** Profits from this event will be applied towards Project Shark Play. More information regarding Family Fun Night will be sent home in the coming weeks.

Over the next year the SPSC will be concentrating their fundraising efforts in order to take *Project Shark Play* from “dream” to “reality”. Anyone wishing to join the *Project Shark Play* committee is encouraged to attend our next meeting, scheduled for **Wednesday, May 1 at 7:00 p.m.** in the school library. Everyone is welcome and experience in fund raising is not necessary - many hands make for light work!

A wide array of fundraising initiatives; both at the *Friends & Family* level, as well as at the *Corporate & Community* level are being planned. More information will be available shortly but in the meantime, if you are aware of any organizations we should be approaching to request support, please let us know.

Together we can provide our children and community with fun and safe play equipment. Should you have further questions regarding this project or you would like to make a donation, please do not hesitate to contact Mr. Scott Askey, Principal, or the SPSC directly at chair@StoneybrookPSC.ca.

Sincerely,

Jody Paget
