

School Report

Assessments of Reading, Writing and Mathematics
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2013–2014

School: Stoneybrook PS (537675)

Board: Thames Valley District School Board (66044)

On behalf of EQAO, I am pleased to provide you with the results of the 2013–2014 Assessments of Reading, Writing and Mathematics for the primary division (Grades 1–3) and junior division (Grades 4–6).

This report includes the 2014 results as well as results for previous years, so you can track progress over time. You'll also find demographic and attitudinal information, which provides context for interpreting the achievement results.

By assessing all students in our education system at key stages in their schooling, EQAO is able to provide reliable and objective data at the individual student, school and board levels. EQAO results alongside board and classroom assessment data have proven effective for monitoring progress and allowing school communities to make evidence-based decisions in their planning.

At EQAO, we strongly believe that reliable evidence empowers and guides the judgment and actions of professional educators and school communities. We are pleased to continue our partnership with you as we all work toward helping students reach their full potential. I hope you will find this report to be a rich source of information as you turn knowledge into action for the benefit of your students and community.

Sincerely,

Bruce Rodrigues
Chief Executive Officer
Education Quality and Accountability Office

TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Beginning in 2012-2013, results are not reported publicly for schools where fewer than 10 students participated because it might be possible to identify individual students. Prior to 2012-2013, results were not reported publicly for schools where fewer than 15 students participated.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on *The Ontario Curriculum*.

This report includes

- ◆ results for this year
- ◆ a comparison of results of the current and previous administrations to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and the province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2013–2014

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 3 (# = 22)

STUDENT ENGAGEMENT About reading:		Percentage of Students*		Number of students who answered "most of the time"
I like to read.	23	77		17
I am a good reader.	5	18	77	17
I am able to understand difficult reading passages.		73	18	4
I do my best when I do reading activities in class.	9		86	19

STUDENT ENGAGEMENT About writing:		Percentage of Students*		Number of students who answered "most of the time"
I like to write.	36	55		12
I am a good writer.	32	64		14
I am able to communicate my ideas in writing.	5	41	55	12
I do my best when I do writing activities in class.	14		86	19

COGNITIVE STRATEGIES USED IN LANGUAGE

Before I start to read, I try to predict what the text will be about.	45	50		0
I make sure I understand what I am reading.	18	82		18
I slow down my reading if it is difficult.	14	50	36	8
When I come to a word I do not understand, I look for clues (e.g., punctuation, word parts, other words in the sentence).	14	55	32	7
When I am finished reading, I think about what I have read.	18	50	18	4
I organize my ideas before I start to write.	14	50	36	8
I edit my writing to make it better.	5	45	50	11
I check my writing for spelling and grammar.	5	50	41	9

* Percentages may not add to 100, due to rounding or to ambiguous responses or blanks. Where there is no number in a bar, the percentage of responses is smaller than four.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2013–2014

STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL: GRADE 3 (# = 22)

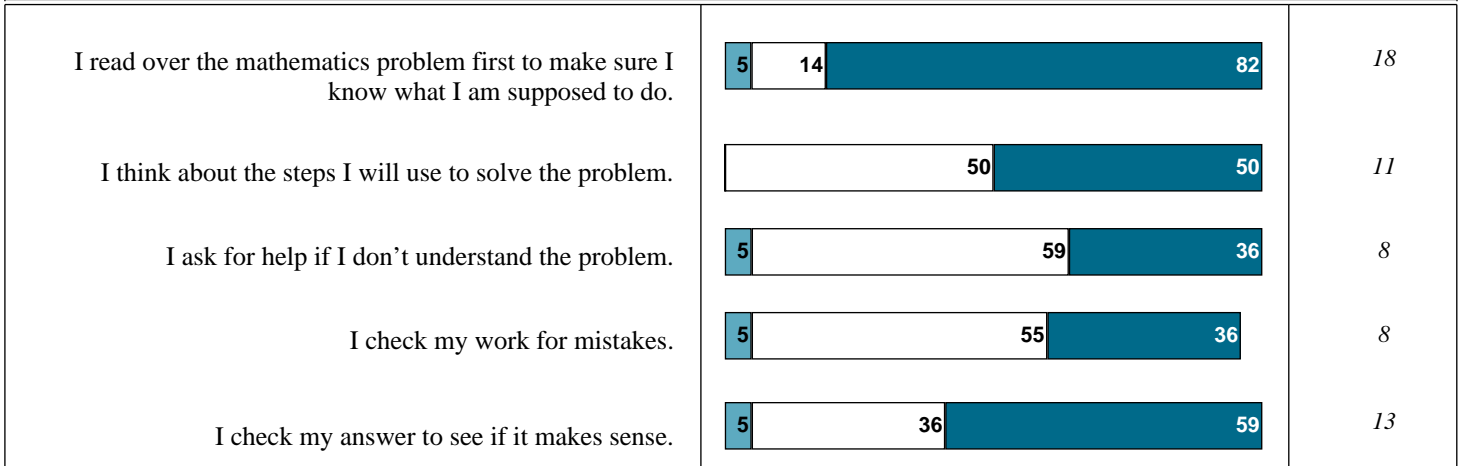

INSTRUCTIONAL TOOLS USED IN READING AND WRITING
 How often do you use the following when you read and write at school? Percentage of Students* Number of students who answered "most of the time"

STUDENT ENGAGEMENT
 About mathematics:

COGNITIVE STRATEGIES USED IN MATHEMATICS
 When I am working on a mathematics problem,

* Percentages may not add to 100, due to rounding or to ambiguous responses or blanks. Where there is no number in a bar, the percentage of responses is smaller than four.

* Only includes students for whom gender data were available.

† Percentages may not add to 100, due to rounding or to ambiguous responses or blanks.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2013–2014

EXPLANATION OF TERMS

All Students Results are reported for all students in the grade.

Participating Students Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories).

Provincial Standard The Ministry of Education has set Level 3 as the provincial standard.

Level 4 The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard.

Level 3 The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard.

Level 2 The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard.

Level 1 The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard.

NE1 "Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1.

No Data Students who did not have a result due to absence or other reasons.

Exempt Students who were formally exempted from participation in one or more components of the assessment.

English Language Learners Students who have been identified by the school in accordance with *English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12* (2007).

Students with Special Education Needs (excluding gifted) Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students whose sole exceptionality is giftedness are not included.

N/R "Not reported" indicates that the number of students participating (fewer than 10 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.

N/D No data available is used to indicate that there were no students in the grade or subject for the group or year specified.

W Results are being withheld by EQAO. For further information, please contact the school principal.
